

IN SPORT

CHARTER

We will...

Ensure that child sexual exploitation is not welcome within the sporting community

Ensure all our staff understand how to identify the signs of child sexual exploitation, and what to do if they encounter it

Listen to the concerns of young people and act upon them where necessary

Celebrate sport within Greater Manchester, while ensuring it is a safe space for children and young people

Ensure that young people know how to report child sexual exploitation, and where to go for help

Stand alongside other sporting organisations in Greater Manchester and send out a clear message to abusers that their actions will not be tolerated

Challenge any behaviour that doesn't sit right with us
